

## Student Internet Access Policy Agreement

In line with our Information Technology Policy, the School allows students to access the Internet and allows students and staff to participate in activities that support learning and teaching. With access to other networks and information systems, the learning experiences of students can now be enriched.

To ensure that students only access the information that can be deemed appropriate for educational use, users must abide by the Internet Access Policy. While we cannot control the information available on the Internet, we trust our students and staff know what is appropriate and inappropriate and through the following guidelines use the network profitably.

### Student Use Policy Agreement

- I will only use KSHS network for an educational purpose.
- I will only use the Internet with the permission of the teacher or designated member of staff.
- I will become familiar with how to use the Internet before getting online. The supervising staff should assist with any problems before starting.
- I will report any difficulties, problems or damage immediately. I accept that misuse may result in me being responsible for the cost of any repairs.
- At all times, I will take into account the rights and privacy of other users.
- I will not email personal information such as home address or telephone numbers and will use the School's email address instead, but not the School's phone number.
- I will ensure that all email is vetted by staff prior to use.
- Playing non-educational games is not allowed.
- I will not use rude or abusive language that can be deemed offensive by other parties and understand that this could break the law in some cases.
- The downloading of MP3's, video, shareware, freeware or executable software is not allowed
- The use of chat lines is not allowed.
- I agree to take responsibility for my password security and will accept the consequences if this security is breached through my negligence.

### STUDENT INTERNET ACCESS BREACHES

The following consequences will occur for students who do not follow this policy:

**First Offence:** Student Internet Access will be withdrawn for one (1) week.

**Second Offence:** Student Internet Access will be withdrawn for one (1) term

**Severe Breaches:** Will result in additional consequences.
